

Al Muna Daily Blog of Drama week Day 4

Today in Amazing Al Muna Drama Week the actors have been rehearsing for the last time before the big day.

Other groups were completely finished with all of their creations so due to that they were rotating into two different activities during the rehearsal; which were singing or playing musical instruments.

Students
playing
musical
instruments

Rest of the students
singing their
fabulous songs

In conclusion all the pupils who participated in the show were hard working and in our view the parents who will be attending the show will definitely be in awe.
